A SUMMER PRAYER

May you breathe in the beauty of summer with its power of transformation,
May you seek and find spaces of repose during these summer months,
May these moments refresh and restore the tired places within you,
May you be open to times of celebration and recreation that are so much a part of summer,
May your eyes see the wonders of summer’s colours,
May these colours delight you and entice you into contemplation and joy,
May you feel energy of summer rain penetrating thirsty gardens, golf courses, lawns and farmlands,
May your inner self be refreshed, restored and renewed,
May you enjoy the unexpected and find surprises of beauty and happiness as you travel the roads on summer holidays.

Enlightenment isn't an over-abundance of thought. It's an optimal state of wisdom. It's the kind of thinking that dwells in wisdom and leads to love, acceptance, empathy, hope and art. It's the kind of wisdom that doesn't dwell in thinking, only to create, to experience, to act and to share. Enlightenment merely seeks the light to lighten the way for others.
